Colors are not an exact match. Please contact Customer Service if matching a specific color.

ELECTROSTATIC POWDER-COATING IS APPLIED TO ALL SIDES, including the bottom. The toughest in the industry at three times the thickness of conventional file cabinet finishes, it is scuff, scratch and stain resistant. Our state of the art powder-coating system is efficient, environmentally friendly and surpasses the ASTM standard of 500 salt spray hours. Eleven standard colors preferred by today's office designers and decorators. Custom colors are available.
